Confidential Recommendation

1. Terms of Accreditation

	Five-year	Two-year	Temporary Suspension	Revocation
Univ. of Seoul		<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Full Accreditation of Five-year Term

- Accreditation is valid for full 5 years following the year of the visit.

Conditional Two-year Term

- Accreditation is valid for 2 years following the year of the visit, in condition of the program satisfying properly to the list of important deficiencies by the next site visit in 2 years.

Temporary Suspension of Accreditation

- Accreditation is suspended until another site visit the next year.

This indicates that the deficiencies are critical enough to suspend accreditation temporarily for 1 year.

Revocation of Accreditation

- The deficiencies are substantial enough that accreditation is no longer valid

2. Cause of Accreditation

The visiting Team was unanimous in the recommendation for a full five year term of accreditation for the University of Seoul. As noted in the VTR, there were only two(2) unmet Student performance Criteria, and the balance of the Program demonstrated an exceptional faculty and capable students. The curriculum and its major sequential components are of a high standard and supported by an impressive array of special enrichment and international programs. The Program has a very supportive central administration that clearly understands the quality and potential for the continued development of the program given the specific mission of the University and its central role in the development of the City of Seoul.
